

CHOOSE **ATL**

WHAT IS CHOOSEATL AFTER 5?

The vitality of our region is contingent on positioning Atlanta as the ideal place for highly-skilled talent to live, work, and play. In partnership with InternNavigator, ChooseATL brings you ChooseATL After 5, the first program of its kind that focuses on giving interns at Atlanta-based companies an experience they will never forget. By participating in ChooseATL After 5, employers have the opportunity to introduce their interns to valuable experiences outside of the office that illustrate Atlanta's vibrant lifestyle and culture, which in return will retain young talent and grow our region.

HANG OUT WITH PEERS

Interns love connecting both socially and professionally with those who are similar to them. By partaking in ChooseATL After5, interns have the opportunity to build a network of like-minded people who are in the same phase of life.

EXPERIENCE ATL LIKE A LOCAL

During their time in Atlanta, many interns don't have the opportunity to explore multiple parts of the city. We create gatherings in different neighborhoods that expose interns to the local gems that ATLiens adore.

VIP EXPERIENCES

We provide unrivaled VIP access so that Interns have the opportunity to explore some of the city's most desirable spots.

NETWORK WITH EXECUTIVES

We offer first-hand networking access to top-tier executives in a causal, laid back setting. There's no better way to welcome interns into the city than introducing them to business and community leaders who can help them pave the way to success.

CREATE THE BEST SUMMER EVER!

ChooseATL After 5 forms bonds and encounters reminiscent of Atlanta's culture. Once exposed to the magic this city holds, our hope is that interns will choose to start or maintain their lives here in metro Atlanta.
