

**ANNUAL MEETING 2020**  
ACTIVATE. ACCELERATE. IMPACT.

Katie Kirkpatrick, President and CEO  
Metro Atlanta Chamber

Marty Flanagan, President and CEO  
Invesco Ltd.  
MAC Chair 2020

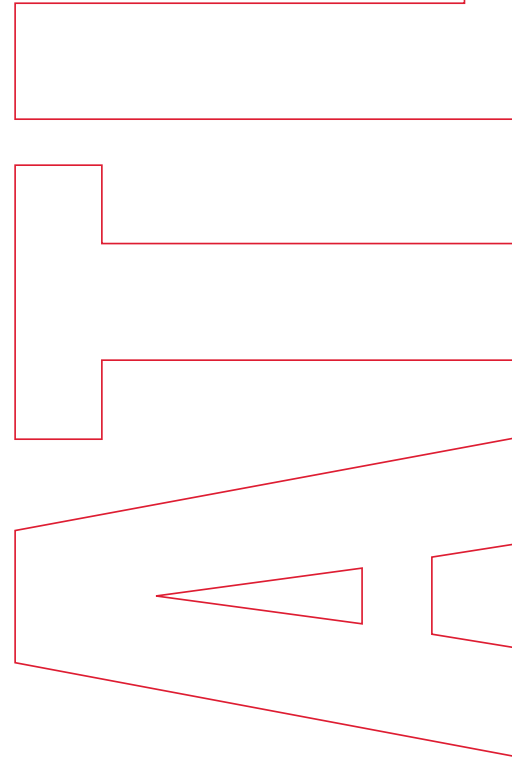

Ed Bastian, CEO  
Delta Air Lines  
MAC Chair-Elect 2021

Raphael Bostic, President and CEO  
Federal Reserve Bank of Atlanta  
MAC Chair-Elect 2022

# THIS IS OUR STORY

For 161 years, the Metro Atlanta Chamber has been the voice of our region’s business community, working to improve and drive our reputation as a global competitor.

We are a job creation engine at the forefront of our region’s evolution through industrial transformation, social change and global recognition. Water systems, public schools, transportation, higher education, transit and inclusion: we’ve led the way for growth across each of these areas and many more.

Still, 2020 has been a year that challenged us unlike any other — and we came together to find solutions. Activate. Accelerate. Impact. This was our rallying cry

as we watched essential workers and educators step up day after day. We were impressed as our workforce embraced virtual technology with a commitment to excellence and productivity. We were inspired as we witnessed healthcare professionals, educators, essential workers, businesses, nonprofits and foundations stepping in to support our neighbors when they needed us most. We were grateful as we joined those advocating for racial equity and celebrated the legacies of Civil Rights icons who left an undeniable mark on the world.

We are creatives who tell stories that reach and entertain the world. We are innovators who birth new ideas that

solve old problems. From Fortune 500s and startups to civic engagement, hip hop, soccer, film and TV - we are careers, community and culture.

This year, it was proven once again that metro Atlanta will rise to the occasion, persevere and Never Stop Rising™.

With one vision, we **ACTIVATE**.

With innovative solutions, we **ACCELERATE**.

With boldness, we **IMPACT** our region and the world.

# WE NEVER STOP RISING

## GROW

We help companies grow  
on a global scale

As a job creation engine, MAC has a team of seasoned economic developers who market the region around the world. This includes ecosystem expansion experts dedicated to metro Atlanta's fastest growing industries and resources to elevate our reputation as an innovation powerhouse. We connect with our thriving startup and corporate innovation communities to grow our innovation economy, and provide ongoing after-care to companies locating to or expanding in the region. With our research team and our global commerce experts, we help companies grow on a global scale.

## ADVOCATE

We strengthen metro Atlanta's  
business climate

MAC's public policy team was named one of the best lobbying groups in the state for good reason. The team, along with partners around the region, is laser-focused on strengthening our region's reputation as a business-friendly environment that welcomes companies and talent across every industry and from every walk of life. Whether it's at the State Capitol or city hall, MAC provides a platform to advocate for a better business climate and connect the business community with elected officials to learn about key issues and voice their opinions.

## PROMOTE

We spread the word about  
careers, community and culture

At MAC, we're working to spread the word about metro Atlanta's unparalleled careers, community and culture. The Atlanta Sports Council elevates the region as a world-class sports destination. ChooseATL continues to help attract and retain talent through a mix of live activations and digital engagement that inspires next-gen talent. Our integrated marketing and communications team is driving a research-backed strategy that is generating buzz around the world.

# OUR COMMITMENT RUNS DEEP

It's worth revisiting the strong first quarter of 2020 we celebrated in our region, with record profits and earnings across our business ecosystem. There was chatter of mergers, acquisitions and corporate relocations to come; the relaunch of ChooseATL to position Atlanta for next-gen talent; and buzz in the lead up to the NCAA Men's Final Four.

This momentum carried us into March and has been the wind behind us as we came together to respond to a global pandemic and begin digging into the issues illuminated by the heightened dialogue on race in America.

We are doubling down on three key focus areas that require our immediate attention in 2020 and into the future:

**PUBLIC HEALTH**

**RACIAL EQUITY**

**ECONOMIC RECOVERY**

**And this momentum positions us well for the future...**

# OUR RALLYING CRY FOR 2021

& BEYOND

ACTIVATE. ACCELERATE. IMPACT.

ACTIVATE. ACCELERATE. IMPACT.

ACTIVATE. ACCELERATE. IMPACT.

ACTIVATE. ACCELERATE. IMPACT.

ACTIVATE. ACCELERATE. IMPACT.

Activate. Accelerate. Impact. That's what we do in metro Atlanta. We nurture and welcome the brightest talent – global leaders who disrupt the status quo and crusade to change the world. In a community that galvanized the Civil Rights Movement, we work today to build a more inclusive and equitable community for all.

Activate. Accelerate. Impact. Across 29 counties and roughly six million citizens; whether tackling public health challenges, economic recovery, racial equity or building on opportunities across economic development, public policy and talent attraction, this rallying cry captures metro Atlanta in 2020, and it will carry us into 2021 and beyond.
