

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Company Name	City	Description	Website
3 Ti (Transfusion Transplantation Technologies)	Atlanta	Develops novel automated technology for the diagnostic testing of blood associated with blood transfusions.	http://www.3tibio.com/location.html
360 Imaging	Atlanta	Develops 3-D modeling technology for dental surgeries.	http://www.360imaging.com
3D SURGICAL SOLUTIONS	Marietta	Develops real-time 3-D visualization technology for minimally invasive surgeries.	
3M	Atlanta	Develops and manufactures skin-safe tape for healthcare.	http://www.3m.com
3R Gloves	Roswell	Manufactures reusable and recyclable latex gloves.	
4P Therapeutics	Norcross	Manufacturer of drug delivery technologies	www.4ptherapeutics.com
A&D Engineering	Duluth	Manufactures blood pressure monitors, scales, thermometers, and activity monitors.	www.andonline.com
A&L Shielding	Rome	Manufactures and specializes in the production of radiation shielding products.	www.alshielding.com
A&M INSTRUMENTS	Alpharetta	Develops and produces diamond and carbide cutting tools.	www.aminstr.com
Abatement Technologies	Suwanee	Manufactures hospital air purification equipment for infection control.	www.abatement.com
Abbott Laboratories	Alpharetta	Science based offerings in diagnostics, medical devices, nutrition, and pharmaceuticals.	www.abbott.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Abeome	Athens	Develops proprietary technology to discover therapeutic and diagnostic monoclonal antibodies.	www.abeomecorp.com
Accellent	Trenton	Manufactures medical devices and provides research for several non-medical industries.	
Acuren Inspection	Savannah and Augusta Metro	Testing services for pharmaceutical and biotechnology companies.	www.acuren.com
Aderans Pharmaceutical Research Institute	Marietta	Pharmaceutical research focused on cell engineering solutions for hair loss.	
ADMA Biologics	Atlanta Metro	Collects human plasma to make special medications for the treatment and prevention of diseases.	www.admabiologics.com
Advance Medical Designs	Marietta	Manufactures disposable, hygienic covers for shared medical equipment.	www.advancemedicaldesigns.com
Advanced Bio-Technologies	Suwanee	Markets Kelo-cote®, a patented, self-drying, silicone-based range of products for scar prevention and treatment.	www.abionline.com
Advanced Chemistry Labs	Doraville	Provides a comprehensive range of analytical testing and consulting.	www.advancedchemistrylabs.com
Advanced Herbaceuticals	Atlanta	Pharmaceutical company specializing in weight loss.	
Advanced Testing Technologies	Warner Robins	Designs, develops and produces automatic test equipment.	www.attinet.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

AESKU	Canton	Develops and manufactures automated laboratory systems for medical diagnosis.	www.aesku.com
Aire-O-Lite Optical	Alma	Manufactures bifocal and regular eyeglass lenses for use by optometrists.	www.aire-o-lite-optical.com
AKESOgen	Norcross	Performs biomarker profiling and genomics services utilizing different types of markers for the R&D market.	www.akesogen.com
Albert International	Gainesville	Manufactures plastic respiration bulbs for medical use with infants.	www.albertusa.com
Alcon (formerly CIBA Vision Corporation)	Duluth	Develops and manufactures devices and medicines to serve the eye.	www.alcon.com
Alcon Laboratories (formerly CIBA Vision)	Duluth	Manufactures eye care products in surgical, pharmaceutical and vision care.	www.alcon.com
Alimera Sciences	Alpharetta	Researches, develops and commercializes prescription ophthalmic pharmaceuticals.	www.alimerasciences.com
Allergan	Atlanta	Develops and commercializes innovative pharmaceuticals.	www.allergan.com
Alliance Bio-Medical (Duluth Biomedical Research)	Duluth	Research and development with particular focus on clinical trial management.	
Alpha Genomix	Lawrenceville	Molecular diagnostics laboratory	www.alphagenomix.com
Alpha Omega	Alpharetta	Manufactures stimulation and recording electronic equipment for neurosurgery.	www.alphaomega-eng.com
AlpZhi	Atlanta	Research and development related to micro fabrication.	www.alpzhi.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Ambit Corp	Gainesville	Manufactures hearing aids & assistive devices.	
Amendia	Marietta	Manufactures plates, screws, and pins for surgical implants.	www.amendia.com
American Biosurgical	Norcross	Designs and manufactures cables for medical technology.	
American Breast Care	Marietta	Designs and sells post-masectomy breast forms, bras, and support garments.	www.americanbreastcare.com
American Clinical Laboratories	Stone Mountain	Performs routine and specialized diagnostic testing services for physicians and patients.	www.amclabs.com
American Red Cross	Metro Atlanta	Largest single supplier of blood and blood products in the United States.	www.redcrossblood.org
AmeriPath /Dermpath Diagnostics	Marietta	Specializes in the provision of dermatopathology services to dermatologists and other physicians.	www.ameripath.com
Amoena	Kennesaw	Designs and sells post-masectomy breast forms, bras, and support garments.	www.amoena.us
Ample Scientific	Norcross	Manufactures biological laboratory equipment, such as microscopes.	www.amplescientific.com
AMX Solutions	Augusta	Builds and manufactures portable x-ray machines.	www.amxsolutionsinc.com
Ana-Gen Technologies	Duluth	DNA sequencing and molecular biology services.	
AngioDynamics	Manchester	Develops and sells catheters and infusion sets.	www.angiovac.com
Angionics	Athens	Early seed stage company targeting several types of cancer and age related macular degeneration.	

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Animal Health & Sciences	Thomaston	Manufactures non-toxic biodegradable chemicals for the animal health industry.	www.thomastonupsonida.com
Anova Medical	Atlanta	Sells blood pressure and heart rate monitors.	www.anovams.com
Antech Diagnostics	Smyrna	Veterinary clinical laboratory testing company.	www.antechdiagnostics.com
Antibodies-Online	Atlanta	Manufacture proteomic products	www.antibodies-online.com
Aqua Solutions	Jasper	Develops and manufactures laboratory-quality water purifiers.	www.aquaa.com
AR Medicom	Augusta	Manufactures sterile, infection prevention products such as gloves and masks.	www.medicom.com
Arbor Pharmaceutical	Atlanta Metro	Markets prescription products for the cardiovascular, hospital and pediatric markets.	www.arborpharma.com
ARC Medical	Tucker	Provides anesthesia, respiratory, and ICU products.	www.arcmedical.com
Archaea Solutions	Tyrone	Consultation for wastewater process control, troubleshooting assistance, and lab analyses, including microscopic analyses.	www.archaeasolutions.com
ArunA Biomedical	Athens	Develops and commercializes products and services derived from or related to human stem cells.	www.arunabiomedical.com
Athens Research and Technology	Athens	Manufactures human proteins and the preparation of those proteins.	www.athensresearch.com
Atlanta Biologicals	Lawrenceville	Manufactures cell culture products for the academic, industrial, and government research and development sectors.	www.atlantabio.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Atlanta Center for Medical Research	Atlanta	Conducts both outpatient and inpatient clinical trials, and helps sponsors bring medications to the public.	www.acmr.org
Atlanta Clinical Research Centers	Atlanta	Conducts clinical research including projects for pharmaceutical and medical device companies.	www.atlantaclinicalresearch.com
Atlanta Eye Prosthetics	Sandy Springs	Provides custom made artificial eyes and scleral cover shells.	www.atlantaeyepro.com
Atlanta Institute of Medicine & Research	Sandy Springs	Performs clinical trials and research focusing on advanced psychiatry.	www.iamresearch.org
Atlanta Orthodontics	Atlanta	Manufactures pieces to be inserted into dental orthodontics.	www.atlantaorthodontics.com
Atlanta Prosthetics & Orthotics	Atlanta and 3 others	Manufactures custom prosthetic limbs.	www.calladoctor.net (Atlanta) www.atlantapo.com (Macon)
Atlanta Research Center	Atlanta	Medical research specializing in drug therapies for osteoporosis.	www.arcenter.net
Atlantic Microlab	Norcross	Specializes in elemental microanalyses of organic compounds.	www.atlanticmicrolab.com
Atlantic Pharmaceuticals	Sandy Springs	Develops late stage therapies in the treatment of substance abuse and pain related conditions.	www.atlanticpharma.com
Attain Med	Atlanta	Distributes pharmaceutical and medical products servicing the independent pharmacists.	www.attainmed.com
Augusta Laboratory	Augusta	Complete in-house laboratory services, industrial drug testing, and policy development.	www.augustahealth.com/laboratory
Augusta Orthotics & Prosthetics	Augusta	Manufactures custom braces and prosthetic limbs.	www.augustaprosthetics.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Autologous Blood Resources	Lawrenceville	Provides autotransfusion and platelet rich plasma (PRP) services.	www.beforesurgery.com
Avion Pharmaceuticals	Atlanta	Develops and markets branded pharmaceutical and dietary supplement products.	www.prenate.com
Axion Biosystems	Atlanta Metro	Neural interfacing technologies applied to research, clinical, and drug discovery markets.	www.axionbiosystems.com
Axotect (formerly Axona)	Atlanta	Develops prescription medical food intended for the management of the metabolic processes associated with mild to moderate Alzheimer's disease.	
B Braun Medical	Atlanta	Develops infusion therapy and pain management products.	www.bbraunusa.com
Bako Pathology Services	Atlanta Metro	Anatomic pathology testing with specialization in dermatopathology, bone pathology, and pathology of the soft tissue.	www.bakocts.com
Barco	Duluth	Develops visualization technologies for dentistry, radiology, and other medical specialties.	www.barcodisaster.com
Bard Medical Division	Covington	Develops and manufactures a wide range of medical devices for heart health, cancer, and digestive tract care.	www.bardmedical.com
Basic American Medical PDTs	Atlanta	Manufactures and distributes medical products.	www.basicamerican.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Bauerfeind	Marietta	Develops and manufactures foot and ankle braces.	www.bauerfeindusa.com
Baxter Healthcare	Buford	Develops and manufactures products for immune disorders, kidney disease, trauma, and more.	www.baxter.com
Bayer/Consumer Care Div	Duluth	Develops health care products including over-the-counter medications and nutritional supplements.	www.bayer.com
Beckman Coulter	Atlanta	Develops products which automate biomedical testing.	www.beckman.com
Becton Dickinson (formerly Lee Laboratories)	Grayson	Offers reagents and services for diagnostics and inflammation research.	www.leelabs.com
Bedlab	Cumming	Develops timed, computer controlled adjustable hospital beds to prevent bed sores.	www.bedlab.com
Best Vascular	Norcross	Develops treatment systems for heart and lung disease.	www.bestvascular.com
Beximco Pharmaceuticals	Suwanee	Manufactures pharmaceutical formulations and Active Pharmaceutical Ingredients (APIs).	www.beximcopharma.com
Bimeco Group	Peachtree City	Manufactures medical gas and equipment management systems.	www.bimecogroup.com
Biocide Labs	Cumming	Produces anti-fungal, bacteriological, and veridical biocides.	www.biocidelabs.com
BioCure	Norcross	Develops sprayable wound dressing.	
Biofisica Investors Group LLC	Atlanta	Develops solutions in the tissue engineering market to address chronic wound healing.	

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

BioMed Design	Dunwoody	Develops methods for the treatment of biological tissues prior to surgical implantation.	www.biomeddesignllc.com
Biomedical Imaging Technology Center	Atlanta	Research and development in biomedical imaging.	bitc.bme.emory.edu
Bioniche Animal Health	Bogart	Researches, develops and markets vaccines, immune stimulants, and specialty pharmaceuticals to veterinarians.	www.vetoquinol.com/fr
Biosense Medical Devices	Lawrenceville	Manufactures talking blood sugar meters for diabetes care.	www.biosensemd.com
Biosystems America	Cumming	Research and development with biological systems.	www.biosystemsamerica.com
Biotest Pharmaceuticals	Athens	Develops and manufactures pharmaceutical and biotherapeutic products utilized in immunology and hematology.	www.biotestpharma.com
Black & Black Surgical	Tucker	Develops and manufactures instruments for cosmetic surgery.	www.blackandblacksurgical.com
Brace International	Atlanta	Manufactures and distributes medical braces.	www.braceint.com
Bracy Analytics	Marietta	Provides software solutions in business, healthcare, biotechnology and pharmaceutical industries.	www.bracy-analytics.com
Brasseler USA	Savannah	Provides instrumentation to healthcare professionals for use in restorative dentistry, endodontics, oral surgery and oral hygiene.	www.brasselerusa.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Bristol-Myers Squibb	Atlanta	Discovers, develops and delivers medicines that help patients prevail over serious diseases.	www.bms.com
Bruder Healthcare	Alpharetta	Manufactures and sells topical pain relief products, such as heating pads.	www.bruder.com
Camellix	Augusta	Biotechnology and drug development company.	www.camellix.com
Can-Am Care (formerly Access Product Marketing)	Alpharetta	Pharmaceutical and medical device company focused on patients with diabetes and senior care.	www.canamcare.com
Cardinal Health	Atlanta and 4 others	Provides pharmacy, medical-surgical, and nuclear pharmacy services.	www.cardinalhealth.com
CardioMEMS	Atlanta	Develops wireless sensors for implantation in the human body.	www.cardiomems.com
CareFusion	Tucker	Develops and manufactures a variety of patient care products for hospitals.	www.carefusion.com
CARESTREAM Health	Atlanta	Provides dental and medical imaging systems and IT solutions.	www.carestream.us
Carlyle Health Element	Decatur	Prepares environments so that they are inhospitable to microorganisms.	
Carolina Pharmaceuticals	Savannah	Distributes brand, generic, and critical care pharmaceuticals.	www.carolinamedresearch.com
Carticept Medical	Alpharetta	Develops an injection system to streamline care and prevent errors.	www.carticept.com
Cell Constructs	Atlanta	Research and development focused on the use of adult human stem cells.	www.cellconstructs.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Celtaxsys	Atlanta	Discovers and develops therapeutics to treat inflammation by control of innate immunity.	www.celtaxsys.com
Center for Biotechnology & Drug Design	Atlanta	Research and development in the natural sciences.	www.biology.gsu.edu/centers
Center for the Study of Systems Biology	Atlanta	Research to diagnose and treat disorders.	www.cssb.biology.gatech.edu
Cerebral Vascular Applications	Duluth	Develops proprietary, minimally invasive medical devices that assist in a patented surgical procedures.	www.tif.net
CH Martin	Atlanta and 7 other locations	Develops custom prosthetic limbs.	www.chmartinco.com
Chart Industries	Canton	Manufactures and sells condensed gas for respiratory and bioscience users.	www.chartindustries.com
Chemtronics	Kennesaw	Production, rework, repair, maintenance & service cleaning solutions.	www.chemtronics.com
Cherokee Custom Script Pharmacy (Wellpharm)	Canton	Compounding pharmaceutical services.	www.cherokeecustomrx.com
CIS Biotech	Decatur	Research and development focused on bringing to the marketplace unique disease-associated biomarkers and in-vitro diagnostic (IVD) tools.	www.cisbiotech.com
ClariPath Laboratories	Augusta Metro	Anatomic pathology services for a variety of disciplines.	
Claro Industries	Alpharetta	Manipulation of atoms to make new molecules for new products (nanotechnology).	www.clarochem.com
Clearside Biomedical	Alpharetta	Develops methods for drug delivery to the eye.	www.clearsidebio.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Clinical Laboratory Services	Winder	Clinical laboratory testing facility.	www.clinicallaboratoryservices.com
Clinical Research Atlanta	Atlanta and Stockbridge	Provides Phase I, II, III, IV, and over-the-counter clinical research services to the pharmaceutical industry.	www.clinicalresearchatlanta.com
Clinisys Associates	Atlanta	Conducts FDA 510K and Beta test protocols.	www.clinisys.us
Cole Instruments	Alpharetta	Develops and manufactures hair restoration instruments.	www.coleinstruments.com
Colgate-Palmolive Co	Smyrna	Produces and distributes household healthcare products.	www.colgatepalmolive.com
Columbus Research & Wellness Institute	Columbus	Clinical research facility and natural wellness clinic that conducts numerous FDA supervised clinical trials.	www.researchandwellness.com
Confirmatrix Laboratory	Lawrenceville	Specializes in providing clinical urine and oral fluid drug testing, medication monitoring, and support services.	www.confirmatrixlabs.com
ConMed	Lithia Springs	Distributes surgical equipment for monitoring and minimally invasive procedures.	www.conmed.com
CorMatrix Cardiovascular	Alpharetta	Develops and manufactures implantable sheets to facilitate healing of heart surgery.	www.cormatrix.com
Cosmetic Surgery Suppliers Inc.	Loganville	Cosmetic surgery supply company.	www.cosmeticsurgerysuppliers.com
Covidien (formerly Tyco Healthcare Group)	Augusta	Develops and manufactures a range of hospital instruments/equipment.	www.medtronic.com/covidien
CR Bard	Covington	Develops, manufactures, and markets medical technologies.	www.crbard.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Crosslink Life Sciences (Stryker)	Atlanta	Sells joint replacement implants for a variety of orthopedic applications.	www.crosslinklifesciences.com
Crosstex International	Lawrenceville	Manufactures sterile, infection prevention products such as gloves and disinfectants.	www.crosstex.com
CryoLife	Kennesaw	Develops implantable biological devices, surgical adhesives, and biomaterials.	www.cryolife.com
CSI Laboratories (Cytometry Specialists)	Atlanta Metro	Specialized cancer diagnostics and pathology laboratory.	www.csilaboratories.com
CSI Research	Alpharetta	Clinical researcher for pharmaceutical companies.	www.csi-research.com
Dendreon	Atlanta Metro	Manufactures cancer treatment drugs.	www.dendreon.com
Deobiosciences	Lilburn	Conducts research for treatment of cancer in animals and humans.	www.deobiosciences.com
Depisteo	Atlanta	Develops and manufactures vision-screening and cigarette-screening instruments.	www.depisteo.com
Device Technologies	Jackson	Contracts product development for medical device companies, specializing in wire-based devices for biopsies and imaging.	www.device-tech.com
Diabetes Technologies	Thomasville	Manufactures medical screening kits for diabetes and related disorders.	
Digital Vision	Atlanta	Develops the VisionOptimizer, a virtual refracting platform for diagnosing vision disorders and procuring customized eyeglasses.	www.digitalvisionsystems.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Discreet Screenings & Labs of Georgia	Gainesville	Provides comprehensive laboratory testing services.	www.discreetscreenings.com
Dornier Medtech America	Kennesaw	Develops and manufactures diagnosis and treatment instruments for kidney stone removal and more.	www.dornier.com
Drug Testing Service Center	Snellville	Testing laboratory focused on drug, alcohol, and background screening.	www.drugtestingservicecenter.com
DSGM Systems	Austell	Develops a non-invasive blood sugar monitor.	www.dsgmsystems.com
Fibrant LLC (formally DSM Chemicals)	Augusta Metro	Develops and produces vitamins and ingredients for feed, food, pharmaceutical, and cosmetic industries.	www.fibrant52.com
DSM Nutritional Products	Pendergrass	Creates products and services, including vitamins and carotenoids used in the feed, food, pharmaceutical and personal care industries.	www.dsm.com
DTI Laboratories	Thomasville	Manufactures medical screening kits for diabetes and related disorders.	www.dtilaboratories.com
Dynamic Adsorbents	Norcross	Separates and purifies chemical compounds in large volume for pilot and production applications.	www.dynamicadsorbents.com
Eckert & Ziegler Analytics	Atlanta	Develops and manufactures radiation therapy, imaging, and pharma technology.	www.ezag.com
Elab Solutions	Sandy Springs	Laboratory testing microbiology consulting service and environmental microbiology lab.	www.elabsolutions.com
Electro Medical Equipment	Marietta	Physical therapy equipment supplier.	www.electro-medical.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Elekta	Norcross	Develops and manufactures radiation and neuroscience technology for cancer treatment.	www.elekta.com
Elite Medical	Marietta	Develops and manufactures a kidney stone treatment center.	www.elitemed.us
Emory Genetics Laboratory	Atlanta	Clinical laboratory and prenatal molecular testing center.	www.egl-eurofins.com
Emory-Georgia Tech Nanotechnology Ctr	Atlanta	Research in biomolecular engineering and nanotechnology, with focus on the development of bioconjugated nanoparticles.	www.nanotechproject.org
Encompass Group	McDonough	Develops and manufactures safety and comfort products for senior care.	www.encompassgroup.net
Encompass Pharmaceutical Services	Norcross	Provides analytical outsourcing and consulting services to pharmaceutical and biotech companies.	www.encompass-pharma.com
Endobasic	Thomasville	Develops and manufactures instruments for imaging of the digestive system.	www.endobasic.com
EndoChoice	Alpharetta	Develops and manufactures devices, diagnostic supplies, and infection control products for digestive diseases.	www.endochoice.com
Environmental Labs & Services	Carrollton	Laboratory analysis of drinking and waste water.	www.els-inc.net
Enviropouch	Peachtree City	Develops, manufactures, and sells reusable sterilization products.	www.enviropouch.com
Enzymatic Deinking Technologies	Norcross	Enzyme based technologies for pulp and paper mills.	www.edt-enzymes.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Equinox Chemicals	Albany	Custom organic synthesis and toll manufacturing.	www.eqxchem.com
ERBE	Marietta and Woodstock	Develops and manufactures specialized surgical equipment, for digestive tract surgery and others.	www.erbe-usa.com
ERMI	Decatur	Develops and manufactures therapy devices to increase motion after injury or surgery.	www.getmotion.com
Ethicon	Cornelia	Develops and manufactures a wide variety of implantable medical devices.	www.ethicon.com
Exelan Pharmaceuticals	Peachtree City	Develops generic pharmaceuticals for the government and institutional market.	www.exelanpharma.com
Expression Therapeutics	Tucker	Develops novel therapies that will improve the lives of people with hemophilia A around the world.	www.expressiontherapeutics.com
Facet Technologies	Kennesaw and McDonough	Develops and manufactures finger pricking devices and bandages.	www.facettechnologies.com
Fehling Surgical Instruments	Acworth	Develops and manufactures surgical instruments for heart and neuro-surgery.	www.fehlingsurgical.com
Fellows Research Alliance	Savannah	Clinical trials management and consulting group dedicated to research and development.	www.fellowsresearch.com
Femasys	Suwanee	Develops products for women's infertility diagnosis and women's sterilization.	www.femasys.com
FOB Synthesis	Kennesaw	Chemical company focused on drug discovery, antibacterial tests, and custom synthesis.	www.fobsynthesis.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

G&W Exams	Dalton	High-quality testing and insurance physical exam services.	www.gwexam.com
Galectin Therapeutics	Norcross	Biotechnology company focused on discovery and development.	www.galectintherapeutics.com
Gallegos Bio-Pharma Consultants	Kennesaw	Biopharmaceutical consulting firm providing services for biotech, pharmaceutical and medical device companies.	
GE Healthcare	Alpharetta	Provides healthcare solutions through a variety of services.	www.alabamagetaway.net
Geiss Destin & Dunn	Peachtree City	Distributes health and personal care products.	www.valuelabels.com
GeneCure Biotechnologies	Norcross	Develops treatments for life-threatening human diseases using gene transfer technology.	www.genecure.com
Genentech	Atlanta	Discovers, develops, manufactures and commercializes medicines to treat patients.	www.gene.com
Genesis Biosciences	Lawrenceville	Custom toll bacteria fermentation, microbial product formulation, and antimicrobial product development.	www.genesisbiosciences.us
Georgia CORE	Atlanta	Oncology research center focused exclusively on elevating the quality of cancer care in the state.	www.georgiacore.org
Georgia Research Alliance	Atlanta	Science and technology economic development.	www.gra.org

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

GeoVax	Atlanta Metro	Develops human vaccines for diseases caused by HIV-AIDS and other infectious agents.	www.geovax.com
Gerresheimer	Peachtree City	Manufactures specialty glass and plastic products such as inhalers.	www.gerresheimer.com
GF Health Products	Atlanta	Manufactures and sells homecare and rehab beds, oxygen supplies, and more.	www.grahamfield.com
Given Imaging	Duluth	Develops and manufactures video camera pills for intestinal imaging.	www.givenimaging.com
Glaxosmithkline	Columbus	Discovers, develops, and delivers new medicines, vaccines, and other healthcare products.	
Global Center for Medical Innovation	Atlanta	Medical device innovation center.	www.icorpsouth.com
Global Plasma Solutions	Savannah	Manufactures standard and custom air purification systems.	www.globalplasmasolutions.com
Global Resources International	Flowery Branch	Develops and manufactures healthcare products, including sterile plastics, electronics, and films.	www.gri-usa.com
Glycosensors and Diagnostics	Athens	Develops enabling technologies for applications in glycoscience.	www.glycosensors.com
Grace Labs	Atlanta	Manufactures in vitro diagnostic test kits for the diagnosis of traumatic brain injury and post-traumatic seizures.	www.gracelabs.com
Guided Therapeutics	Norcross	Develops technology for throat and cervical cancer screening.	www.guidedinc.com
Gulmay Medical	Suwanee	Designs and manufactures high voltage, high frequency x-ray generators and controllers.	www.gulmay.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Gwinnett Bio Research	Atlanta Metro	Clinical research center that conducts studies on various pulmonary disease states.	
Gwinnett Clinical Research Center	Snellville	Dermatology research center.	www.gwinnettdermatology.com
Halscion	Suwanee	Develops novel and proprietary hydrogel scaffold to improve wound healing and the resulting scar consequences following suturing of a wound.	
Hanger Prosthetics & Orthotics	Atlanta and 24 others	Manufactures custom prosthetic limbs.	www.hanger.com
Hardy Manufacturing Co	Decatur	Contracts manufacturing of medical X-ray equipment.	www.hardymanufacturing.com
Harmonex	Roswell	Biotechnology and clinical research facility.	
Hatch Medical	Duluth	Contracts development of medical devices for minimally invasive surgery.	www.hatchmedical.com
Health Discovery Corp	Savannah	Research and development focused on applying computer technology to uncover relationships useful in prevention, detection, and treatment of disease.	www.healthdiscoverycorp.com
Healthtronics Laboratory Solutions	Augusta	Develops, manufactures, and processes tests for bladder and prostate cancer.	www.healthtronics.com
Horiba Instruments	Atlanta	Develops and manufactures diagnostic systems for medical laboratories.	www.horiba.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Hospira (Abbott)	Stone Mountain	Develops and manufactures drugs and IV sets.	www.hospira.com
Hoya Vision Care-Atlanta	Lithia Springs	Optical lense manufacturer.	www.hoyavision.com
HTL-STREFA	Marietta	Develops and manufactures needles for home and personal use.	www.htl-strefa.com
Iconic Therapeutics	Atlanta	Biopharmaceutical company that works primarily with the novel recombinant protein called hi- con1.	www.iconictherapeutics.com
Ideal Optics	Duluth	Wholesale contact lens manufacturer and distributor.	
iGuard	Atlanta	Develops and manufactures disinfectant products.	www.iguardppc.com
Immucor	Norcross	Develops and manufactures blood transfusion testing products.	www.immucor.com
Imperial Medical Technologies	Cartersville	Develops and manufactures eye products for cataracts.	www.imt-usa.com
Inhalermate	Marietta	Develops and manufactures a protective case for asthma inhalers.	
Inhibikase Therapeutics	Atlanta	Develops preventative and curative treatments for infectious diseases.	www.inhibikase.com
Innogenetics	Alpharetta	Develops and manufactures supplies for diagnostic testing.	www.innogenetics.com
Innomed	Savannah	Develops and manufactures instruments for orthopedic surgery.	www.innomed.net

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Innovation Compounding	Kennesaw	Pharmaceutical manufacturer that also conducts ongoing health-outcome assessments and continuous research.	www.innovationcompounding.com
Innovation Factory Accelerator	Atlanta	Develops novel medical technology ideas into marketable products and startup businesses.	www.tif.net
Insert Molding Solutions	Cumming	Contracts manufacturing of medical devices.	www.insertmoldingsolutions.com
Institute for Bioengineering and Bioscience	Atlanta	Developer of new medical and industrial technology.	www.petitininstitute.gatech.edu
Integrated Lab Systems	Athens Metro	Provides research support and customized solutions in the toxicology, pathology, histology, as well as environmental and information science fields.	www.ils-inc.com
Interactive Diagnostic Imaging	Atlanta	Develops and manufactures dental imaging technology.	www.idixray.com
Intermetro Industries	Norcross	Manufactures and sells storage and transport products for medical applications.	www.intermetro.com
Intertek Caleb Brett	Savannah Metro	Testing laboratory serving various industries including food, agriculture, and chemicals	www.intertek.com
InVasc Therapeutics	Tucker	Develops drugs to treat or prevent chronic kidney and cardiometabolic diseases.	
iResearch Atlanta	Decatur	Multi-specialty clinical research center that offers expertise in therapeutic areas in Phases II-IV.	www.iresearchatlanta.com
Irrisept	Atlanta	Manufactures medical grade fluids for wound and surgical cleansing.	www.irrisept.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

I-SENS	Duluth	Develops blood glucose monitors and electrolyte analyzers.	www.i-sens.com
Johnson & Johnson Medical	Atlanta	Develops and manufactures a wide range of medical devices.	www.jnj.com
Kareus Therapeutics	Norcross	Discovers and develops combination therapy for unmet treatment of age-related and chronic diseases.	
Karl Storz Endoscopy and Lithotripsy	Kennesaw	Develops and manufactures medical devices, including imaging/treatment systems for kidney stones.	www.karlstorzlitho.com
Kimberly-Clark Healthcare	Roswell	Develops and manufactures a wide portfolio of medical devices.	www.kimberly-clark.com
Komet Medical	Atlanta	Develops and manufactures advanced surgical blades.	www.brasselerusa.com
Lab Test MD	Atlanta Metro	Full range of medical tests and screenings.	www.eweightlossmd.com
Laboratory Corporation of America	Columbus	Provides physicians with timely, high-quality laboratory tests and services.	www.labcorp.com
Lazarus Enterprises	Cartersville	Non-prescription pharmaceutical company dedicated to research and development of quality products.	www.lazaruslabs.com
Level Four Orthotics & Prosthetics	Marietta and 2 others	Provides orthotics and prosthetics that are entirely devoted to maximizing childrens function.	www.level4oandp.com
Libertas Pharma	Lawrenceville	Full service generic pharmaceutical company focused on the acquisition, commercialization and distribution of prescription products.	www.libertaspharma.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Lifesaving Systems	Roswell	Develops and manufactures equipment for emergency medical responders.	www.lifesavingsystemsinc.com
LifeSync Corp	Atlanta	Manufactures cardiac ECG's and respiration monitors.	www.lifesynccorp.com
Limbcare Prosthetics & Orthotics	Albany and 3 others	Develops custom prosthetic limbs.	www.limbcareonline.com
Lina Medical	Norcross	Manufactures minimally invasive instruments for gynaecology surgery.	www.linamed.com
Logos Nutritionals/Preventive Therapeutics	Lilburn and Snellville	Manufactures vitamin supplements to detox the body and build the immune system.	www.thymic.com
LumaMed	Norcross	Develops cancer visualization technology to assist in total removal of cancerous tissue.	www.lumamed.com
Luminomics	Augusta	Pharmaceutical research with an emphasis on neurodegenerative diseases such as Parkinson's and Alzheimer's Disease.	www.luminomics.com
Mab Technologies	Stone Mountain	Biotechnology specializing in neurotransmitter transporter protein antibodies.	www.mabtechnologies.com
Magventure	Atlanta	Develops and manufactures magnetic stimulation devices for treatment of depression.	www.magventure.com
Matrix Surgical Holdings	Atlanta	Develops and manufactures products for eye and facial surgery.	www.matrixsurgicalusa.com
Mazor Robotics	Norcross	Develops surgical guidance technology for spinal surgery.	www.mazorrobotics.com
MD Innovate	Decatur	Develops a screening device for pneumonia.	www.mdinnov8.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Mddatacor	Alpharetta	Provides information technology in the health care industry.	www.mddatacor.com
Meda Pharmaceuticals	Marietta	Pharmaceutical manufacturer focused primarily on respiratory, allergy, central nervous system, gastroenterology, musculoskeletal, rheumatology, and erectile dysfunction.	www.meda.us
Med-Acoustics	Stone Mountain	Distributes audiometric instrumentation and otoneurological products.	www.med-acoustics.com
MedaPhase	Newnan	Dermatology research center.	www.healthyskinresearch.com
Medevex	Duluth	Develops and manufactures recording devices to capture digital video of medical procedures	www.medevox.net
Medical Device Development Group	Gainesville	Consults with medical device companies to commercialize and bring products to market.	www.med-dev-group.com
Medical Neurogenetics	Atlanta	Provides molecular and metabolic genetic testing for inherited disorders.	www.mnglabs.com
Medical Research & Health Ed Foundation	Columbus	Research facility conducting medical studies and clinical trials.	www.medicalresearchtrial.com
Medical Technologies Of Georgia	Decatur	Manufactures urinary catheters.	www.medtechga.com
Medipurpose	Alpharetta	Develops and manufactures finger pricking devices and wound care dressings.	www.medipurpose.com
Medline Industries	Lithia Springs	Manufactures a wide range of healthcare supplies.	www.medline.com
MedShape	Atlanta	Develops shape-memory plastics for orthopedic implants and support.	www.medshape.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Medtronic	Atlanta	Develops and manufactures a wide range of implantable and medicine pump technologies	www.medtronic.com
Merck & Co	Alpharetta and Chatsworth	Research and development of health therapies.	www.merck.com
Meredian	Bainbridge	Manufactures biopolymers (bioplastics) from renewable, natural resources.	www.mhgbio.com
Merial	Duluth and 2 others	Manufactures pharmaceutical products and vaccines for livestock, pets, and wildlife.	www.merial.com
Metabolic Testing Services	Atlanta	Diagnostic research to improve management of cardiac pulmonary diseases.	www.mettettest.net
Metaclipse Therapeutics	Atlanta	Pre-clinical stage biotechnology company developing novel cancer therapies.	www.metaclipsetherapeutics.com
Metamatrix Clinical Laboratory	Duluth	Nutritional, metabolic, and toxicant testing laboratory.	www.gdx.net
Microcopy	Kennesaw	Manufactures accessories for dental X-rays.	www.microcopydental.com
Microdynamics	Woodstock	Manufactures and distributes medical microscopes.	www.microdynamics.net
Micro-Macro International	Athens	Analytical laboratory with the components of nutritional analysis, pathology, pesticide analysis, and consulting and research.	www.mmilabs.com
Micromeritics Instrument Corporation	Norcross	Develops and manufactures laboratory instruments.	www.micromeritics.com
Microtek Medical Holdings	Alpharetta	Designs and manufactures infection and fluid control products.	www.microtekmed.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Midlands Prosthetics & Orthotics	Augusta	Manufactures custom braces and prosthetic limbs.	www.midlandsposthetics.com
Mikart	Atlanta	Formulation development, contract manufacturing, and packaging services to the pharmaceutical industry.	www.mikart.com
Millennium Cryogenics	Athens	Cryogenic storing facility for biotech and biomedical industries.	www.millcryo.com
MiMedx Group	Kennesaw	Develops and manufactures tissue grafts to treat and heal chronic wounds or after surgical procedures.	www.mimedx.com
Molecular Therapeutics Production	Athens	Manufactures anti-microbial solutions.	www.moleculartpharma.com
Molnlycke Health Care	Norcross	Manufactures single-use surgical and wound care products.	www.molnlycke.com
MONARCH MEDICAL PRODUCTS	CUMMING	Develops and manufactures surgical instruments for OB/GYN, urogynecology, fertility and critical care.	www.monarchmedicalproducts.com
Mount Vernon Clinical Research	Atlanta Metro	Conducts clinical trials to test possible treatments for physical and psychological diseases.	www.mvclinical.com
M-Tech Monoclonal Technologies	Alpharetta	Research, manufacturing, and distribution of DFA tests.	www.4m-tech.com
Myelotec	Roswell	Manufactures minimally invasive technology for back pain.	www.myelotec.com
National Diagnostics	Atlanta	Manufactures biotechnology reagents for use in the life sciences and market-product lines.	www.nationaldiagnostics.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

National On-Site Testing	McDonough	Provides timely and accurate specimen collection for substance abuse testing.	
NEBA Health (formerly Lexicor Medical Technologies)	Augusta	Provides an EEG biomarker for determining ADHD in a clinical setting.	www.nebahealth.com
NeoMed	Woodstock	Develops and manufactures neonatal products for feeding and more.	www.neomedinc.com
Neural Signals	Duluth	Develops a speech prosthetic that will allow those with locked-in syndrome to communicate by translating thoughts to computerized speech.	www.neuralsignals.com
NeurOP	Atlanta	Biopharmaceutical company developing new medicines to treat central nervous system disorders.	www.neuropinc.com
NeuroStudies.net	Decatur	Neurological condition clinical research group.	www.neurostudies.net
NeuroTrials Research	Atlanta	Conducts drug research and clinical trials in neurology, sleep disorders, psychiatry and psychology.	www.neurotrials.com
Newell Rubbermaid	Atlanta	Develops and manufactures computer carts, medication carts, and workstations for hospitals.	www.newellbrands.com
Newton Laboratories	Conyers	Manufactures and provides high quality homeopathic products consisting of wild-grown and organic ingredients.	www.newtonlabs.net
Noramco	Athens	Pharmaceutical chemical company which makes the active ingredients to power many products.	www.noramco.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

North American Medical	Marietta	Manufactures non-invasive spinal care devices.	www.namcorporation.com
North Georgia Dermatopathology PC	Marietta	Anatomic pathology and specialty clinical testing.	
Nuvision Pharmaceuticals	Atlanta	Pharmaceutical company focused on skin and wound care product development.	www.nuvisionpharma.com
Octogen Pharmacal Co	Cumming	Pharmaceutical company providing products that provide temporary relief from minor aches and pains of sore muscles and joints.	www.octogenplus.com
OLIS	Bogart	Laboratory spectrophotometers manufacturing company.	www.olisweb.com
Omega Bio-Tek	Norcross	Manufactures nucleic acid isolation kits, and offers gene synthesis and plasmid DNA preparation services.	www.omegabiotek.com
Omni International	Kennesaw	Manufactures equipment for preparation of laboratory samples.	www.omni-inc.com
One World	Atlanta	International distributor of pharmaceutical products.	www.one-world-inc.com
OpenCell Technologies	Atlanta	Technology for biomechanical cell treatment research.	www.opencelltech.com
OphthalMed	Alpharetta	Develops and manufactures laser probes for surgery.	www.opthalmed.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

OP-Marks	Bogart	Develops and manufactures reusable equipment trays and skin labels for eliminating surgical errors.	www.opmarks.com
OPTEC	Lawrenceville	Develops and manufactures custom medical support braces.	www.optecusa.com
OPTI Medical Systems	Roswell	Develops and manufactures blood gas and electrolyte analyzers.	www.optimedical.com
Optima Chemical Group	Douglas Metro	Custom contract and toll manufacturer of specialty organic chemicals.	www.optimachem.com
Ortho Care Labs	Lagrange	Manufactures orthotic products.	
Osmotica Pharmaceutical	Marietta	Pharmaceutical company that uses an osmotic technology platform to develop high quality branded and generic pharmaceutical products.	www.osmotica.com
Otogenetics Corporation	Atlanta	Develops coverage sequencing for panels of disease genes.	www.otogenetics.com
Owen Mumford	Marietta	Develops and manufactures needles, lancets and other simple medical devices.	www.owenmumford.com
Owens & Minor	Kennesaw	Medical and surgical supply distributor.	www.owens-minor.com
Pajunk Medical Systems	Tucker	Manufactures a range of medical tubing and biopsy equipment.	www.pajunk-usa.com
Paper Pak Industries	Washington	Manufactures insulated and absorbent wraps for transporting injured patients, for military and EMS use.	www.paperpakindustries.com
Parasitic Disease Consultants	Tucker	Clinical laboratory for the diagnosis of parasitic, viral, and other infectious diseases.	www.parasitic.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Parkway Clinical Laboratory	Forest Park	Clinical Laboratory that handles tests in all categories including bacteriology, serology, hematology, chemistry and urinalysis.	www.parkwayclinicallab.com
PathCon Laboratories	Atlanta Metro	Microbiology consulting service and environmental microbiology lab.	www.pathcon.com
Pathens	Athens	Biotechnology company focused on translating host/pathogen laboratory research into vaccines and diagnostics against diseases.	www.pathens.com
Path-Tec	Columbus	Manufactures and sells custom medical specimen collection kits.	www.path-tec.com
PCG Labs	Dahlonega	Preventive care diagnostic company driven to reduce national disease figures and increase survival rates.	www.pcgmolecular.com
Peachtree BioResearch Solutions	Smyrna	Clinical research services to pharmaceutical, biotechnology, medical device and diagnostics companies.	www.peachtreebrs.com
Petnet Solutions /Siemens	Atlanta	Radio and nuclear pharmacy.	www.petscaninfo.com
Pfeiffer Pharmaceuticals	Atlanta	Manufactures over-the-counter medications.	www.pfeifferpharmaceuticals.com
Pfizer	Atlanta and Marietta	Develops and manufactures health care products.	www.pfizer.com
Pharma Corp	Buford	Pharmaceutical products distributor.	
Pharma Tech Industries	Royston	Contract manufacturer for pharmaceutical, medical device, and personal care products.	www.pharma-tech.net

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Phigenix	Atlanta	Pharmaceutical and biomedical research focused on the cancer diagnostic and therapeutics industry.	www.phigenix.com
Philips Respironics	Kennesaw	Develops and manufactures a wide range of electronic medical devices.	www.respironics.com
PIE Medical International	Buford	Manufactures a bowel management therapy system and products.	www.piemed.com
Plasma Surgical	Roswell	Develops and manufactures surgical tools using plasma instead of blades.	www.plasmasurgical.com
Polaris Allergy Labs	East Point	Diagnostic and treatment lab for patients with allergies, provides services for doctors' offices throughout the country.	
Porex Technologies	Fairburn	Develops and manufactures porous plastics for medical use.	www.porex.com
Post Medical	Woodstock	Develops and manufactures needle/sharps disposal containers.	www.postmedical.com
PP&R PRODUCTS	Lawrenceville	Develops and manufactures shower-safe medical bag to hold surgical drains during surgery recovery.	
Primo	Peachtree City	Manufactures health care products for hospitals, physicians, orthotist & prosthetics, and durable medical equipment providers.	www.primoinc.net
Prizm Medical	Duluth and Oakwood	Develops and manufactures wearable electrotherapy products for pain relief.	www.prizm-medical.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

ProCare Prosthetic Care	Buford and 2 others	Manufactures custom prosthetic limbs and braces.	www.procarepando.com
Progressive Wound Care Technologies	Pooler	Develops and manufactures wound care technologies to increase comfort and patient compliance.	www.progressivewoundcare.com
Proton Healthcare	Calhoun	Develops and manufactures technology for self-monitoring and self-care, such as blood pressure monitors.	www.protonhealthcare.com
Q Care International	Marietta	Manufactures a device to remove needles from used syringes to prevent accidental needle sticks.	www.qcareintl.com
QSpex Technologies	Alpharetta	Develops and manufactures a system to quickly produce custom eyeglass lenses.	www.qspex.com
Quality Assurance Service Corp	Augusta	Manufactures diagnostic materials.	www.toxicologycontrols.com
QualTex Laboratories	Atlanta Metro	Conducts infectious disease testing for blood banks and plasma centers.	www.qualtexlabs.org
Quantum Pharmaceutical Supply & Services	Cumming	Distributes pharmaceutical and medical supplies.	www.qpharmrx.com
Quest Diagnostics	Atlanta and 16 others	Lab and healthcare services for individuals and employers.	www.questdiagnostics.com
Quintiles Laboratories	Marietta	Bio and pharmaceutical services provider offering clinical, commercial, consulting, and capital solutions.	www.quintiles.com
Rad Source Technologies	Suwanee	Develops and manufactures X-ray equipment to replace current, radioactive-waste-creating equipment.	www.radsources.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Radiant Research	Atlanta	Comprehensive clinical research and development serving the biopharmaceutical, medical device and consumer products industries.	www.radiantresearch.com
RayBiotech	Norcross	Provides proteomics tools for the advancement of basic and clinical research.	www.raybiotech.com
Reach Health	Alpharetta	Provides a telemedicine platform that helps platforms overcome traditional time, distance, and resource obstacles associated with acute care delivery.	www.reachhealth.com
Reddy Chemtech	Kennesaw	Manufactures and distributes research chemicals.	www.reddychemtech.com
Remel	Norcross	Manufactures microbiology products including prepared and dehydrated culture media, diagnostic and direct specimen tests, and laboratory supplies.	www.remelinc.com
Remington Medical	Alpharetta	Manufactures and distributes disposable medical products.	www.remmed.com
Renovo Pharmaceutical	Atlanta	Pharmaceutical company specializing in the commercialization of pharmaceutical cocrystals as an enabling technology for improved drug delivery.	www.renovoresearch.com
Research Think Tank	Buford	Molecular diagnostics, clinical trials and peripheral research studies.	www.researchthinktank.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Respironics (Philips)	Kennesaw	Medical device manufacturer.	www.respironics.com
RetinaLabs	Atlanta	Develops and manufactures instruments for retinal surgery.	www.retinalabs.com
RevoGenex	Duluth	Pharmaceutical development company dedicated to delivering quality and speed.	www.revogenex.com
Revogenex (formerly P3 Laboratories)	Winder	Develops new pharmaceutical products that provide innovative solutions to unmet patient needs.	www.revogenex.com
RFS Pharma	Tucker	Clinical-stage biopharmaceutical company which specializes in antiviral therapies and cancer.	www.rfspharma.com
RN Bio Research	Buford	Molecular genetics research laboratory.	www.rn-bio.com
Robertson Optical Laboratories	Loganville	Optical lens manufacturer and distributor.	www.robertsonoptical.com
rPeptide	Bogart	Provides peptides, reagents, proteins, antibodies, and more, with a focus on Alzheimer's and Parkinson's disease research.	www.rpeptide.com
RTI International	Chamblee	Research institute in health and pharmaceuticals.	www.rti.org
SaluMedica	Atlanta	Develops medical devices to replace damaged soft tissues in the body.	www.salumedica.com
Sanguine Corportion	Roswell	Sleep diagnostics and EEG provider.	www.sanguinebio.com
Sanofi US	Forest Park	Pharmaceutical disributiion center.	www.sanofi.us
SANUWAVE Health	Alpharetta	Develops and manufactures non-invasive devices for healing bone, muscle, tendons, and skin.	www.sanuwave.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

ScanTech Holdings	Atlanta	Develops and manufactures sterilization systems for medical products and waste.	www.scantechholdings.com
Scientific Adsorbents (Div. of Apyron Technologies)	Atlanta	Manufactures and distributes silicas, aluminas, TLC Plates, and desiccants from the analytical laboratory to the large scale process plant.	www.apyron.com
Scientific Intake	Atlanta	Develops a non-invasive medical device to treat obesity.	www.scientificintake.com
Seachem Labs	Madison Metro	Pet care products including buffers, conditioners, filtration media, medications, and test kits.	www.seachem.com
Sebacia	Duluth	Develops technology to treat acne.	www.sebacia.com
Sebia	Norcross	Develops and manufactures analytical instrumentation.	www.sebia-usa.com
Sector Electronics	Marietta	Designs, develops, manufactures prototypes and new products.	www.sectorelectronics.com
Sensiotec	Atlanta	Develops a remote system to monitor patient cardio-respiratory function.	
Sero-Immuno Diagnostics	Tucker	Global consulting and provider of diagnostic kits and research reagents for laboratories, hospitals, and universities.	www.parasitic.com
SERRG	Columbus	Multi-specialty research facility that manages clinical research studies.	www.serrg.com
Sestron	Marietta	Clinical research facility specializing in conducting phase II, III, and IV clinical trials.	www.sestron.com
Showa Best Glove	Menlo	Develops and manufactures protective gloves.	www.showabestglove.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Siemens Healthcare Diagnostics	Alpharetta and 3 others	Develops and manufactures a wide variety of testing/diagnostic systems.	www.siemens.com
Sigvaris	Peachtree City	Develops and manufactures medical compression garments.	www.sigvarisusa.com
Sleepmed	Kennesaw and Joesboro	EEG and sleep diagnostics provider.	www.sleepmedinc.com
Smisson-Cartledge Biomedical	Macon	Develops a blood transfusion device which warms the blood for better outcomes.	www.thermacor1200.com
Smith Drug Co	Valdosta	Pharmaceutical manufacturer and distributor.	www.smithdrug.com
SNF	Hinesville Metro	Manufactures water-soluble polymers.	www.snf.us
Sol-Millennium Medical	Lawrenceville	Develops and manufactures safety syringes for needle stick prevention.	www.sol-m.com
SoloHealth	Duluth	Develops and manufactures kiosks to screen vision, weight, BMI, and blood pressure.	www.solohealth.com
Solstas Lab Partners	Alpharetta and 5 others	Full-service clinical, anatomic pathology, toxicology and esoteric testing services.	www.solstas.com
Solvay Plastics	Alpharetta	Develops plastics for medical device and healthcare use.	www.solvay.com
Southeastern Medical Technologies	Savannah	Develops wound-healing, drug delivery, and surgical devices.	www.sanguitec.com
Southeastern Testing Lab	Athens Metro	Cleaning and dielectric testing of rubber goods.	
Specialty Appliances	Cumming	Develops and sells orthodontic appliances.	www.specialtyappliances.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Spectropath	Atlanta	Biomedical Technology Company that develops devices using electronic, optical, chemical, and software solutions that allow physicians to identify selected tissues, such as cancer, in real-time during surgery.	
SPINE VISION	Good Hope	Develops and sells spinal implants.	www.spinevision.net
Splash Medical Devices	Atlanta	Develops and manufactures wound irrigation devices.	www.splashcap.com
SSS Pharmaceuticals	Atlanta	Manufactures pharmaceutical preparations including analgesics, diuretics, and ophthalmic preparations.	www.ssspharmaceuticals.com
Sterilance Medical	Alpharetta	Develops and manufactures blood sampling prickers.	www.sterilance.com
Sterimed	Cartersville	Manufactures sterile disposable equipment covers.	www.sterimedinc.com
Steri-Systems	Auburn	Manufactures disposable medical products.	
STRADIS HEALTHCARE	Lawrenceville	Custom procedure pack company serving the healthcare markets.	www.stradishealthcare.com
Lexol (Summit Industries)	Marietta	Manufactures and markets diagnostic radiographic equipment for the clinical market.	www.lexol.com
Synageva BioPharma Corp	Bogart	Protein-based drugs for oncology, infectious diseases and autoimmune diseases.	www.alexion.com
Syntermed	Atlanta	Manufacturer of nuclear imaging software.	www.syntermed.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

TAP Pharmaceuticals (Takeda Pharmaceuticals Intl.)	Atlanta	Pharmaceutical compounds in multiple therapeutic areas including metabolic and cardiovascular diseases, central nervous system, respiratory and immunology, oncology and general medicine.	www.takeda.us
Technical Products of Georgia	Lawrenceville	Does contract research and development, specializing in silicone medical products.	www.techproductsga.com
Technology Resource International Corp	Alpharetta	Does contract research and development, specializing in optics.	www.tricorporation.com
The Rx Exchange	Atlanta	Customer-centric pharmaceutical reverse distributor.	www.therxe.com
Theragenics Corporation	Buford	Manufactures and sells surgical products and prostate cancer radiology products.	www.theragenics.com
Therapak	Buford	Assembles and sells pre-packaged kits and procedure packs for clinical trial, pharmaceutical, and diagnostics markets.	www.therapak.com
Thermo Fisher Scientific	Suwanee and Norcross	Develops and manufactures a wide range of analytical instruments, laboratory equipment, consumables, and testing agents.	www.thermofisher.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Thione International	Atlanta	Develop and commercialize patented preventative and therapeutic healthcare products and applications utilizing synergistic antioxidant, anti-inflammatory and anti-viral compositions.	www.thione.com
Thomas Medical	Alpharetta	Manufacturer of disposable medical devices and accessories and a distributor of OB/GYN surgical instruments.	www.northatlantaprimarycare.com
Tissue Regeneration Technologies	Woodstock	Develops and manufactures devices for urology, orthopedics, and wound care.	www.trtllc.com
Titermax	Norcross	Produce TiterMax an adjuvant used to produce cell mediated and humoral responses in research animals.	www.titermax.com
Transcardiac Therapeutics	Atlanta	Develops products for minimally invasive heart surgery.	www.transcardiac.com
Triad Isotopes	Norcross and 2 others	Radiopharmaceutical company dedicated to nuclear pharmacy.	www.triadisotopes.com
Tri-Pharma	Marietta	Pharmaceutical wholesaler specializing in sourcing, procuring and delivering pharmaceuticals to healthcare facilities.	www.tri-pharma.com
TyQ	Peachtree City	Develops and manufactures a digital diagnostic system to measure spinal ranges of motion.	

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

UCB Pharma	Smyrna	Biopharmaceutical company focusing in the central nervous system and immunology.	www.ucb-usa.com
Ultralite Enterprises	Lawrenceville	Develops and manufactures instruments for treating skin inflammation diseases.	www.ultralite-uv.com
US Pharmaceutical Corp	Decatur	Nationwide pharmaceutical wholesaler.	
US Teleradiology	Atlanta	Provides interpretations of radiology exams performed in the ER or hospital.	www.usteleradiology.com
Vaporizer Sales & Services	Rockmart	Manufacturing, service & repair of anesthetic vaporizers for both human and veterinary markets.	www.vaporizerservice.com
VersaPharm	Marietta	Development and marketing of multi-source prescription pharmaceuticals.	
Vidalia Lab Services	Vidalia	Clinical pathology services.	
Visioneering Technologies	Alpharetta	Developing and commercializing eye solutions for presbyopia and myopia progression control.	www.vtvision.com
Vital Healthcare	Savannah	Wholesale & distribute pharmaceuticals to hospitals, physician's offices, veterinary clinics, governmental entities as well as other wholesalers.	www.vhcrx.com
ViveBio	Lawrenceville	Develops and manufactures a transportation system for specimens.	www.vivebio.com
Volcano	Alpharetta	Develops wire and catheter-based devices used for imaging, particularly of cardiovascular disease.	www.volcanocorp.com
WuXi AppTec	Marietta	Infectious disease testing with a focus on virology.	www.wuxiapptec.com

Bioscience Industry Companies

This list includes Georgia companies that fall into the bioscience industry, with a brief description shown.

Z Technologies	Atlanta	Manufactures electrical nerve stimulators for pain management and mobility improvement.	www.ztekstim.com
