dhartnett@macoc.com

**Metro Atlanta is one of the world's leading supply chain hubs.**

That's why the Metro Atlanta Chamber (MAC) is invested in growing this strategic industry. Your company can grow with it. Four of Gartner's top 25 global supply chains are run out of metro Atlanta – a tie for first with San Jose, CA. Companies along the entire supply chain can count on unrivaled access to talent, innovation and transportation through our world-class research institutions, 16 supply chain-enabled FORTUNE 500 and 1000 companies, and an infrastructure that allows you to reach 80 percent of the U.S. market in two hours by plane and two days by truck.

**Get connected. Get involved. Make a difference.**

The 180 members of the Supply Chain Leadership Council represent the entire supply chain – from product development to product delivery – and include giants such as Delta Air Lines, Porsche North America, Manhattan Associates, Norfolk Southern, UPS, Georgia Tech and others. This exclusive group of executives is the best place to connect with metro Atlanta's thriving supply chain industry.

The Council has three primary focus areas:

- Representing and marketing metro Atlanta's supply chain ecosystem locally and globally
- Addressing skill gaps in our region's workforce
- Identifying growth companies locally and outside our region, and connecting them to resources that can help them grow here

**How You Can Help**

- Give us a lead. Share information about a client or company you know is considering expanding or relocating in the southeastern United States or metro Atlanta.
- Share valuable research or market information that we can share with our prospects, such as wage rates or data on new companies locating to metro Atlanta.
- Get involved in our marketing efforts. Help us position Atlanta as a premier business location for supply chain companies.
