How it Works

Employer Benefits

- Students will...
 - Have experience and/or interest with industry
 - Receive course credit concurrent with the placement and 50% of their grade comes from manager/mentor evaluation
 - Devoted time to commit to placement
 - Have resume, portfolio and evidence of employability skills training
- Employers can...
 - Set the wages and schedule of students
 - Determine the duration of the placement
 - Rely on the support of WBL coordinator to work with student on areas of improvement
